"THIS HERE'S THE OUTBACK. PART WAGON. PART SPORT-UTE."

IT'S THE BEST OF BOTH WORLDS.

Introducing the Subaru Legacy Outback, It has everything you want in a sport-utility, without sacrificing the comfort and handling of a car.

The new Outback is designed to handle both off-road and on-road driving conditions. Thanks to one of the most advanced, full-time All-Wheel Driving systems available, you'll be able to tackle just about any road, in any weather. And a 4-wheel, independent, raised suspension will absorb even the toughest terrain, so your teeth don't have to.

And if you have greater destinations in mind than the next service station, you'll love the Outback's superior gas economy.

Compare the Subaru Outback*

Interested in trucking lots of stuff, who needs a vehicle that drives like a transport — especially for parking downtown or battling the rush hour? The Outback redefines utility, with plenty of cargo space and more leg and headroom than most sport-utility trucks.

That's why the 1996 Subaru Outback is a whole new category of vehicle – a Sport-Utility Wagon. Combining the safety of All-Wheel Drive, the cargo capacity of a sport-utility, and the comfort and convenience of a car. It's the best for both your worlds. Visit your Subaru Dealer for a test drive, or call +800-886-64WD for more details.
